The COVID 19 virus danger is real. We expect AA groups listed on our online meeting schedule to protect the health and welfare of members and to respect the good will of the surrounding community by following COVID safety guidelines published by the State of California, and the County of San Diego. Non-compliance with COVID safety guidelines may result in removal of the group listing from our online meeting schedule.

Please tell us a few things about your group decisions on COVID 19 safety precautions. Answering these questions allow us to provide information when AA members or newcomers call us seeking a meeting to attend.
